

CASE STUDY

We get the deal done.

Sterimed acquired Granton Medical

HEALTHCARE

TRANSACTION ANNOUNCEMENT

Translink advised Granton Medical's shareholders on its sale to Sterimed

Sterimed is a global leader in renewable resource-based medical packaging

Granton Medical manufactures sterilisation pouches and provides packaging services for the UK's medical device industry

TRANSACTION HIGHLIGHTS

Translink Corporate Finance acted as the advisor to Granton Medical in its sale to Sterimed.

KEY TAKEAWAYS

- Comprehensive advisory support: Translink guided Granton Medical's shareholders through the process, securing an optimal outcome.
- Strategic expansion: The deal marks Sterimed's entry into contract packing, aligning with its long-term growth strategy.
- Enhanced market presence: This is Sterimed's seventh strategic acquisition, adding a complementary service and strengthening its UK footprint.

DEALMAKERS

Marc Irsson

“The acquisition of Granton Medical notably allows Sterimed to make a first step in the contract packing and associated services to medical device companies, which is a major strategic axis for the years to come, as a continuation of the expansion of our portfolio of products and services to this industry.”

- Don Gray & Kevin Davies
