### DEAL MAKERS:

Fredrik Ullberg, Anton Danielsson & Hannes Hedberg

### TRANSACTION ANNOUNCEMENT:

Translink acted as advisor to Langia IT Solutions in the sale to Sareq

### SUMMARY:

Langia IT Solutions is an IT consultancy company with a global customer base that operates in digitalisation, microservices and cloud solutions. Its primary focus is on e-commerce solutions for medium to large companies. The company, which was founded in 2015 by Måns B. Strandqvist, is an SAP partner and leading specialist on the ecommerce platform SAP Commerce in the Nordics. Måns B. Strandqvist will remain a co-owner and CEO of the company

Sareq is a family-owned investment company with a strong entrepreneurial spirit and a genuine interest in business development. Sareq has a long-term investment perspective and works closely with its subsidiaries

**“For a long time, there have been ambitions to accelerate growth with a partner who believes in our vision and who wants to take us to the next level. We at Langia IT Solutions are very happy to have found that partner in Sareq, who we are convinced will be able to help us reach new heights thanks to their great commitment and long-term approach. I would like to thank Translink Corporate Finance for a professionally run process and constant availability that has resulted in this very successful transaction.”**
