TRANSACTION ANNOUNCEMENT

Translink advised Turners Accident Repair on its investment from Sun European Partners

Turners Accident Repair is a leading multi-site automotive repair group with a strong presence across the North of England

The investment serves as a strategic development in Sun's buy-and-build investment in the collision repair sector, expanding its geographic footprint and unlocking new growth opportunities

TRANSACTION SUMMARY:

Translink acted as the exclusive advisor to Turners Accident Repair on its investment from Sun European Partners, a leading private investment advisory firm.

Turners Accident Repair, a well-established multi-site automotive repair group, has built a strong reputation for delivering high-quality accident repair services across the North of England. The company is a trusted partner for leading insurers and fleet operators, recognised for its technical expertise and customer-focused approach.

KEY TAKEAWAYS

- The investment represents a strategic cornerstone in Sun's buy-and-build strategy, expanding its geographic footprint and unlocking new growth opportunities within the UK accident repair sector.
- Translink supported a structured global sales process and presented a compelling acquisition opportunity to select strategic potential acquirors.

"We chose to work with Translink for their strong track record and deep experience in selling to trade buyers and major Private Equity firms. With no prior experience in this field, we wanted an advisor we could trust to guide us and find the right strategic partner for future growth – and Translink delivered on every front. We're delighted with the outcome they negotiated on our behalf and extend our sincere thanks to Hamish Morrison, Will Holmes, and Will Sykes for their professionalism, expertise, and unwavering support. Though the process was more complex than expected, we're thrilled with the result and wouldn't hesitate to recommend Translink to any business owner considering a sale or investment."
