

CASE STUDY

We get the deal done.

Sertion acquired Nørhalne VVS

BUSINESS SERVICES

TRANSACTION ANNOUNCEMENT

Translink CF has acted as advisor to Sertion, a portfolio company of Consolid Equity, in the acquisition of Nørhalne VVS

Sertion strengthens its position to become a leading international partner in infrastructure and piping systems

Nørhalne VVS is a Danish HVAC company offering a broad range of HVAC services to private customers, businesses, and larger construction projects

TRANSACTION HIGHLIGHTS:

Translink Corporate Finance served as financial and strategic advisor to Sertion in the acquisition of Nørhalne VVS.

The acquisition of Nørhalne VVS is fully aligned with Sertion's long-term growth strategy. The company strengthens the organisation with expertise and capacity and contributes to the continued development of the offering in the Nordic market.

KEY TAKEAWAYS

Since its inception, Sertion has pursued an ambitious growth strategy aimed at building a strong market position in the Nordic region and Northern Europe, with the goal of becoming a leading international partner in infrastructure and piping systems.

"With its extensive experience and broad service portfolio, Nørhalne VVS is a valuable addition to Sertion and strengthens our geographic presence in Denmark. We would also like to thank Translink Corporate Finance for a strong collaboration in yet another transaction."

David Olerup, COO Sertion
