Sertion acquired Skanda A/S

BUSINESS SERVICES

TRANSACTION ANNOUNCEMENT

Translink CF advised Sertion, a portfolio company of Consolid Equity, on the acquisition of Skanda A/S

Sertion is a Nordic group of companies focused on design, installation, and services of water, heating, sanitation systems, industrial piping, and energy gas solutions

Skanda A/S is a Danish specialised engineering and contracting partner within the energy and industrial sectors

TRANSACTION HIGHLIGHTS:

Translink Corporate Finance acted as the exclusive financial advisor to Sertion, a portfolio company of Consolid Equity, on its acquisition of Skanda A/S.

Sertion is a group of expert companies within advanced pipework, focusing on design, installation, and service of water, heating, sanitation systems, industrial piping, and energy gas solutions.

Skanda is a Danish specialised engineering and contracting partner within the energy and industrial sectors, delivering high-quality solutions for tank terminals, process plants, and piping installations.

KEY TAKEAWAYS

Through the acquisition of Skanda in Denmark, Sertion surpasses 3 billion SEK in revenue.

"The acquisition of Skanda is fully aligned with our long-term growth strategy. The company adds cutting-edge expertise and strengthens our capacity within the energy sector and technical infrastructure."

Andreas Bogren, Group CEO, Sertion
